

APP OPENER STUDY CLUB

Small Wonders Coloring Club

12 cheerful pictures to color and imagine

Created by Tedray

This book belongs to: _____

Ages 6-9 / Print, color and make it yours

How to make it yours

1. Pick your paper

Use the A4 edition for A4 paper or the US Letter edition for US Letter paper. Print at Actual Size or 100 percent. Single-sided printing gives each picture its own sheet.

2. Choose your colors

Crayons and colored pencils are lovely companions. Try gentle colors, bright colors or a completely surprising pattern.

3. Add your own idea

Open spaces are invitations. Add a flower, a star or a tiny new friend. On Tia's page, draw her make-believe shadow yourself.

4. Tell a little story

Which detail did you enjoy coloring? What could happen next? Share your picture and your idea with someone.

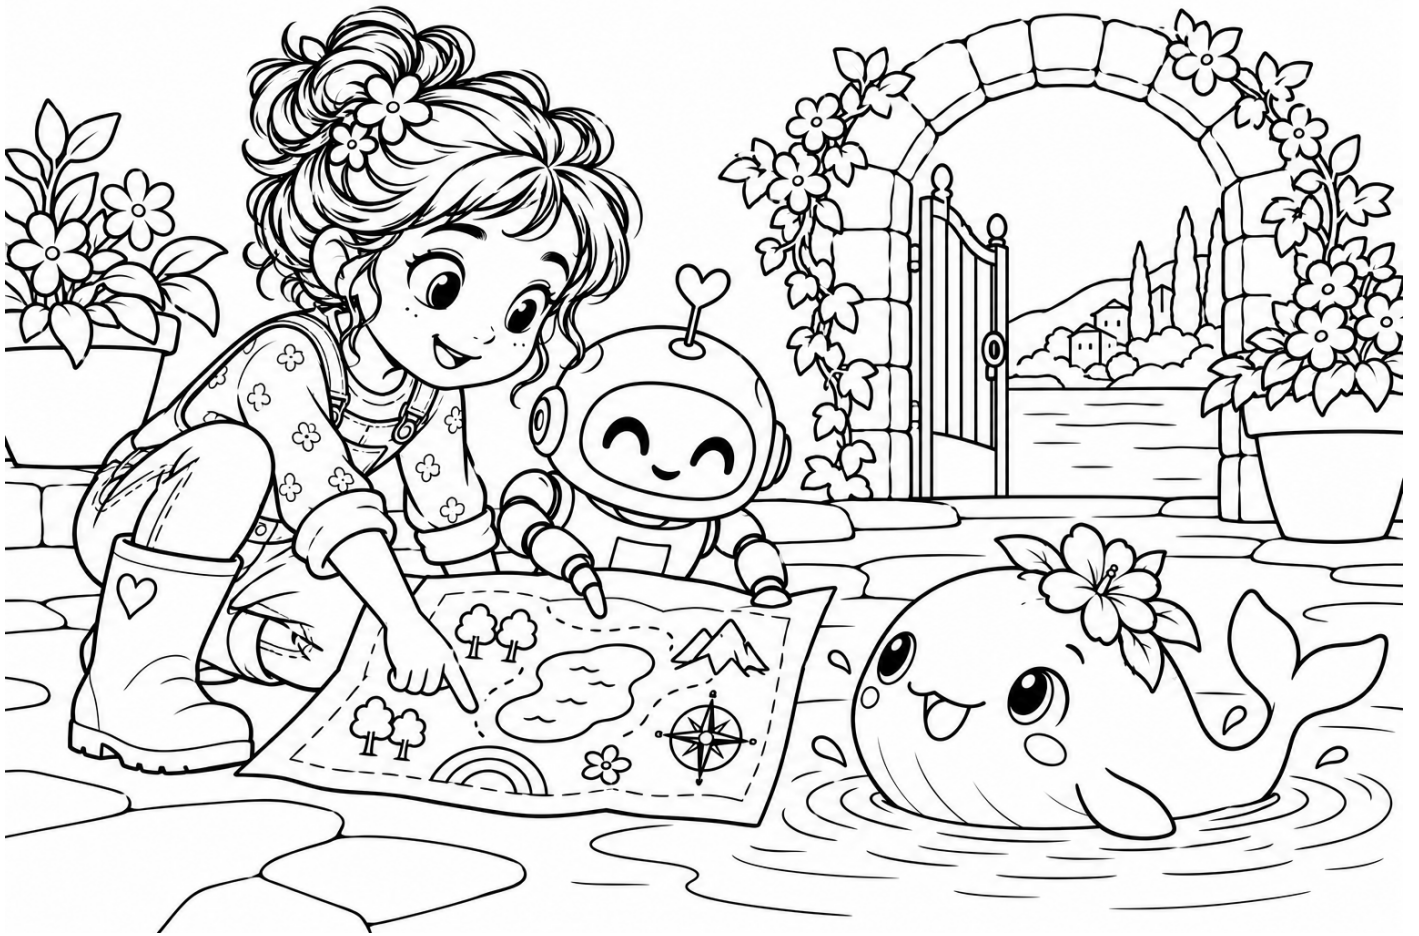

Created by Tedray for AppOpener Study Club. Coloring illustrations were developed with AI assistance.

The Cloud Bakery

Choose your own bun colors.

Nib's Tiny Ocean

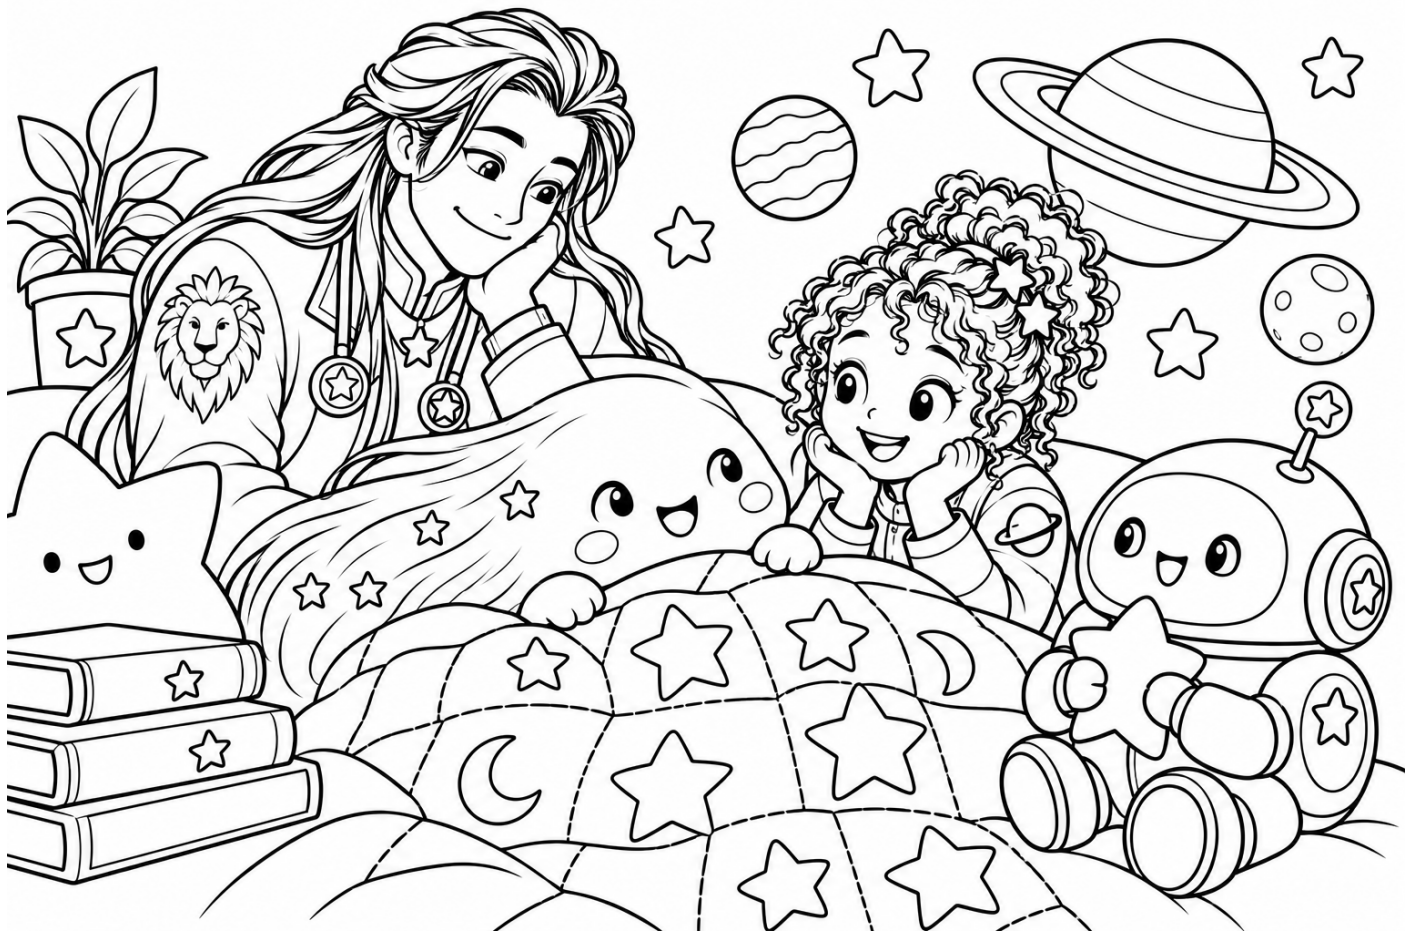

Make this tiny ocean your own.

Books That Forgot Down

Give every book a special cover.
